My dear Parents,

Thanks to the kind Father above, for another opportunity of telling you that we are well. Yours & Cousin Julia's were both thankfully received. Write whenever an opportunity occurs tell Julia, Hattie, & sisters, M & L to write.

Two of the Dr's nieces are visiting me, will leave for North Carolina tomorrow. The Dr. would send love but has gone to visit a patient. The children all send love, and I believe were almost as happy in hearing of the little presents prepared for them, as they would realize in their reception.

To know that you are well & to hear from you only briefly, is a great comfort. That God may make your last days your best days is the constant prayer of your daughter.

Sarah
