Saw this woman Goodwife Savage  
in ye woods with three more women  
and with them ~~found~~ saw two  
black creatures like two Indians  
but taller. Saw likewise a little  
black one a fine. Saw the woman  
dance round these black creatures  
and while I looked upon them one  
of the women in good spirits said  
looker who is a wonder and when they  
ran away up the hill. I stood still  
and ye black things came towards  
me and then I turned to come  
away. It is rather said I know the  
place by the stable or rather  
have my observed such clothes on  
them not long before.
